Thanks to the Northern Ohio Amateur Radio Society, Northern Ohio DX Association, Ohio/Penn PacketCluster Network, AB5K & the AR TelNet Clusters Network and VK2HV for the following DX information.

The following VK9DWX press release was received from Paul, VK2HV:

News #12 - 25.10.2008

The Willis Islands Group, Mid Isl. Thursday, October, 25th

Due to heavier winds to be expected on Monday we have to take down the complete camp tomorrow on Sunday October 26th and transport all equipment to the Floreat. That means that we will stop radio operation latest on October 25th at about 22:00z. We want to have a controlled shutdown and a secure trip back to Australia mainland for all members and all of the equipment. Therefore we have to leave earlier as planned.

We will take part in the CQWW SSB Contest for the first 24 hours with three stations. The remaining stations will be still available for WARC operation.

We did the last onlinelog update for now. This includes all QSOs till 25.10.2008 00:00z (before the contest). We will put all QSOs to the online log when we are back home.

More information will be available after our return to Australia.
